the minority report proposes that revenue bill be recommitted to the ys and Means Committee and that Ways and Means Committee and that that committee report out in its stead a tariff bill which will raise sufficient revenues to meet the demands of the present situation. The minority report will be presented to the House to-morrow, when debate on the revenue bill will be-

Minority Report Summarised. The minority report was summarized

noon as follows:
"First—The Underwood tariff law lowering duties and increasing imports. has brought about the present condition of the Treasury to a large extent, besides turning over to foreign competitors out

"Second—The extravagance and inefficiency of the Democratic party in the
last four years has contributed largely to
the present deficit,

"Third—The 'check kiting' methods of
backlesning now in vogue in the Treas-

bookkeeping now in vogue in the Treas-ury Department, by which approximately 1100,000,000 set aside for redemption of national bank notes and for the payment of obligations already incurred is carried as part of the Treasury balance, have hidden from the country the real con-dition of the Treasury which the present revenue bill is designed both to remedy #Id conceal, "Fourth—That the excess profits and

Though—That the excess profits and inheritance taxation features of the measure constitute an unwarranted intasion of the taxing field which belongs primarily to the individual States, inasnuch as the latter are forbidden use of riant duties which under the con-Federal Government.

Fifth-That the entire bill represents an extreme measure which would not have been necessary had the tariff policy been adhered to,"

Vote Expected To-morrow.

Chairman Kitchin in presenting the committee report said he expected to such a vote on it late Wednesday. The mittee estimated the amount neces-

Fary to be raised at \$402,389,939.

It stated that the bond issues to reimburse the Treasury would aggregate
\$155,55,292, including \$162,418,800 for
expenditures incident to the Mexican sitmation to June next; \$21,838,292 for
Alaskan railway construction to June Alaskan rallway construction to June 10, 1915, and \$11,000,000 for the armor

plate plant.

The estimated amount to be raised The estimated amount to be raised by iaxation was placed by the report at \$207,133,647, and the total estimated additional receipts under the proposed bill at \$248,000,000, which comprises \$226,-690,000 from the excess profits tax and \$22,000,000 from the estate tax.

The margin of \$41,000,000 between the estimated receipts and the estimated revenue required is necessary, the committee believes, in order to be on the lafe side, as the excess profits tax revesue is only a rough estimate.

PASSES THE HOUSE

Carries a Total of \$51,000,000 to Improve Fortifications on the Coast.

NAVAL MEASURE READY

Provides for Three Giant Battleships, One Battle Cruiser and Eighteen Submarines.

WASHINGTON, Jan. 29 .- The Administration's \$800,000,000 defence budget be- President Discusses Result of gan to take final shape in Congress today when the House passed the fortifications bill carrying a total of more than \$51,000,000 for coast defences, and the House Naval Committee completed its 1918 naval appropriation bill with a total of more than \$351,000,000.

The army appropriation bill, the third element of the programme, still is in the House Military Committee, which is expected to complete it next week. Estimates for the army reach a total of more than \$360,000,000, exclusive of numerous deficiency measures resulting from the border mobilization and the rising cost of war materials. The only other military legislation

pending is the universal military train-ing bill before a Senate sub-committee, which will conclude its hearings this week, when Major-Gens. Scott and Wood are to be recalled for cross-examination by Senator Lee of Maryland on their previous statements that Pederalization of the National Guard has proved a fail-ure. It is not expected that Congress will take any action on the universal training bill at this session

Navy Bill Is \$351,433,245.

The navy bill carries a total of \$351, 433,245, as against \$313,000,000 433.245, as against \$313,000,000 last year. It provides for the construction of three 42,000 ton battleships at a total cost of \$28,178,592 each; one battle cruiser at a cost of \$25,694,496; three scout cruisers at \$6,745,145 each; fifteen destroyers at \$1,745,612 each; one destroyer tender at \$2,808,000; one submarine tender at \$2,193,400, and eighteen \$500 ton tender at \$2,193,400, and eighteen \$2,193,400, and eighteen

or left over from the preceding measure. This would make available a total of \$18,000,000 for equipping navy yards. For the three scout cruisers still awaiting satisfactory bids, the committee raised the cost for hull and machinery to \$6,000,000 from \$5,000,000.

Another new provision of the bill raises the number of appointments annually at Annapolis to be made from the enlisted personnel of the navy from 25 to 100. Appointments may be made whenever vacancies occur.

The new battleships will be the most powerful war vessels ever built. They will have a speed of 23 knots an hour and carry main batteries of twelve 16

and carry main batteries of twelve inch guns each instead of the eight

WILSON NOW SURE HIS BILLS WILL PASS

Series of Conferences at Capitol.

Washington, Jan. 29.—After a series of conferences at the Capitol on practically all features of his legislative programme President Wilson told his advisers to-day that he believed action could be secured at this session on every important measure in which he is in-

Representative Sims of Tennessee, a member of the House Interstate Com-merce Committee, considering the rail-road programme, told the President he did not believe the House would approve the part of the Administration recom-mendations prohibiting strikes or lock-outs pending an investigation. The President said he would not insist

on any particular form of legislation, but that it was absolutely necessary to decide on some means of preventing strikes on the railroads of the country. Administration leaders now are working on a compromise measure, which the President probably will indorse. It pro-vides for an investigating board made up of representatives of both sides as suggested by the railroad brotherhoods, but adds a representative of the public. The Webb bill, for common selling agencies abroad for American exporters, already passed by the House, was gone over in detail with the President by Senator Pomerene, who told of amendments he expected to offer in com-

service.

Taking up the problem of getting under construction the four battle cruisers authorized last year, the committee raised the limit of cost for the hull and machinery to \$19,000,000 from \$16,500. Department officials believe all four vessels can be placed with private bidders at that figure.

Husting, Democrat, Wisconsin, who explained at the President's request the grounds of his opposition to the oil least the big oil companies, notably the Standard, have a larger interest in the California oil lands which it is now sought to have released from a naval reserve than appears on the record and he was very earnest in his opposition. The President's request the appears on the record and he was very earnest in his opposition. The President heard Mr. Husting, but did not commit

MEXICANS IN NEW CLASHES ON BORDER

Attacks on Americans Reported With News of Pershing's Withdrawal.

WASHINGTON, Jan. 29. - Coincident with Major-Gen. John J. Pershing's movement toward the American border came reports to the War Department today of sporadic clashes between Ameri-

cans and Mexicans at various points.

None of the incidents reported is serious, but they show the intense hostility of the Mexicans toward the Ameri ity of the Mexicans toward the American troops and their jubilation over the withdrawal of Gen. Pershing's command. It is expected by Major-Gen. Frederick Funston that Pershing's entire command will be on American soil this time next week.

A statement made public said:

"Gen. Pershing's movement continues without incident, and according to schedule. He will probably cross the border

ule. He will probably cross the border a week from to-day."

The text of the withdrawal order is withheld by the War Department, but it is known it contains specific directions for the conduct of the movement, in-cluding prescribed instructions to be fol-lowed in any contingency that may arise, and reached Gen. Pershing early Sun-

from the Mexican news bureau here to-day attacking the American authorities for enforcing quarantine regulations against the Mexicans who were in the typhus infected regions of Juarez.

of the cavalry brigade will be at the same place, Brig.-Gen. Eben Swift commanding.

The majority of the units in the expedition will be stationed in El Paso, these including the Fifth and Seventhese including the Fifth and Seventhenth Infantry, First Battalion of the Fourth Field Artillery, Second Regiment of Engineers, four pack trains, two wagon companies, all signal troops except the First Aero Squadron, assigned temporarily to Columbus, and all sanitary troops except Ambulance Company No. 7 and Field Hospital No. 7, both of which go to Eagle Pass, Tex. Besides the aero squadron at Columbus will be the Twenty-fourth Infantry, eight truck companies and two pack trains.

the Twenty-fourth Infantry, eight truck companies and two pack trains.

Nogales, Ariz., will have one squadron of the Tenth Cavairy. Port Huachuca one squadron and one troop of the same regiment and Ft. Apache one troop of the Tenth. At Ft. Apache, also, the Indian scouts who have been with the expedition will be mustered out of the Federal service.

Douglas, Ariz., will be protected by B and C Batteries of the Sixth Field Artillery. The Eleventh and Thirteenth Cavalry

and two wagon companies will come to Ft. Sam Houston here for use in an emergency in the lower Rio Grande

Valley.

More than 1,500 refugees carrying such of their personal possessions as could be transported followed the American expeditionary force when the troops Pershing's column, they are proceeding on foot toward the border, and some in prairie schooners and automobiles. Fel-lowing the American refugees, most of

lowed in any contingency that may arise, and reached Gen. Pershing early Sunday.

As anticipated here, both the Carrangista and Villista followers are loudly proclaiming that they have "driven the Gringoes out." A report from Gen. Punston to-day gives details of the Cash between small bodies of Americans and Mexicans on the border near Ruby, Ariz.

The clash between Americans and Mexicans on the international bridge near El Paso brought forth a statement from the Mexican news bureau here to-day attacking the American authorities. march into Columbus, a distance of seven miles, is expected to take place Monday
